

Money is the Nation's Greatest NEED

without it those brave men of Pershing's could not continue the struggle for Democracy---the cause would be lost and the Potsdam Gang would exact tribute for untold years from rich America.

THE FOURTH LIBERTY LOAN

Is an Investment with Absolute Security and Good Interest

It is a loan to your government so that our soldiers may be supplied in battle against Hun domination.

You are not spending the money you put in Liberty Bonds---you are not giving it to your country. You are simply lending your dollars to be repaid with interest.

No matter how many Liberty Bonds you may have already, buy again. Your money, the money of every one of US, is needed.

Offer your purse as the boys at the front offer their lives. Do your part to end this war. Help your country to victory.
